Wheatland Tube produces American-made steel electrical conduit, standard and fire sprinkler pipe, fence framework, mechanical tube, and energy tubulars. Wheatland customers also have access to the latest technologies that improve inventory and logistics management, reduce supply-chain costs, and reveal ordering insights.

With a rich history that started in 1931, we are a division of Zekelman Industries, the largest independent steel pipe and tube manufacturer in North America and a leader in modular construction innovations.

Wheatland advocates for domestic manufacturing and fair trade. **We support:**
