

Zekelman Industries

BARRY ZEKELMAN

EXECUTIVE CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Barry Zekelman is responsible for all aspects of business at Zekelman Industries. He has devoted his entire career to the development of the corporation. He started out at Atlas Tube and assumed ownership, along with his brothers, with his father's sudden passing in 1986. Under Barry Zekelman's leadership as CEO, chairman and president of Atlas, the business grew from \$2 million to over \$1.2 billion in sales. In 2006, Atlas became part of the company now known as Zekelman Industries, with Barry Zekelman as chief operating officer (COO) of the corporation. He became CEO and president in 2008. In 2010 he became executive chairman, and he returned to the role of CEO in 2013.

Today, Barry Zekelman leads the largest independent steel pipe and tube manufacturer in North America, with sales in excess of \$2.7 billion.

Zekelman was born and raised in Windsor, Ontario. He received his early education in Windsor and later attended York University in Toronto, Ontario.

NICK SHUBAT

PRESIDENT OF FENCE & MECHANICAL

Nick Shubat currently serves as president of the fence and mechanical business unit for Zekelman Industries, where he is responsible for the unit's P&L, sales, marketing, and the operating facilities in Chicago, Illinois; Long Beach, California; and Cambridge, Ohio. In addition to the fence and mechanical products, Shubat oversees the production of electrical conduit and EC&N products at the Chicago and Cambridge facilities.

DAN REILLY

PRESIDENT OF SHARON TUBE

Dan Reilly oversees operations at Sharon Tube, a division of Zekelman Industries that manufactures precision cold-drawn (DOM) and welded mechanical tubing for very demanding applications that serve all United States manufacturing industries. He has complete profit and loss management responsibility for the company. Reilly is an industry veteran with 35 years of experience working manufacturing with Sharon Tube in sales and relationship management.

JIM HAYS

PRESIDENT OF ELECTRICAL

Jim Hays has complete profit and loss management responsibility for Wheatland Tube's and Picoma's electrical businesses — including fittings — as well as Wheatland Tube's fence and mechanical tube businesses. Hays previously served as VP of marketing and business development for Zekelman Industries.

Prior to joining Zekelman Industries in 2011, Hays was global VP of the electrical and infrastructure division for Atkore International (formerly Allied Tube), where he was a 31-year veteran.

KEVIN KELLY

PRESIDENT OF STANDARD PIPE

Kevin Kelly brings more than 20 years of executive-level sales management experience to his position as president of Wheatland Tube's pipe division.

Kelly previously managed and directed all Canadian sales for Atlas Tube, a role he began in 1993. In 2011, Kelly also assumed responsibility for Wheatland Tube standard pipe, sprinkler and fence products in Canada.

Zekelman Industries

MIKE GRAHAM

**EXECUTIVE VICE PRESIDENT
AND CHIEF FINANCIAL OFFICER**

Mike Graham is responsible for executing strategic objectives and delivering strong financial performance for Zekelman Industries by leading the finance, human resources, safety and environmental teams and working effectively with the financial community.

Graham has more than 40 years of finance and accounting experience. He is highly experienced in all aspects of financial management, including controllership, financial planning, mergers and acquisitions, capital structure and business strategy.

MICHAEL MECHLEY

**EXECUTIVE VICE PRESIDENT OF
STRATEGIC PROCUREMENT**

Michael E. Mechley joined Zekelman Industries in 2006. He oversees the procurement of steel, MRO, production planning and scrap sales. He's also responsible for reducing lead times, standardizing materials and lowering costs for customers.

Prior to joining Zekelman Industries, Mechley spent 27 years with General Electric Aircraft Engines, working in various roles in finance, product support and purchasing. He has also held financial positions at both Keebler and Owens-Illinois.

Zekelman Industries

MICKEY MCNAMARA

PRESIDENT OF Z MODULAR AND EXECUTIVE VICE PRESIDENT OF ZEKELMAN INDUSTRIES

As president of Z Modular, **Mickey McNamara** is responsible for all aspects of the modular construction solutions division of the Zekelman Industries family. As the larger corporation's executive VP, he manages its information technology, legal and corporate development functions. He serves as a member of Zekelman Industries' executive, disclosure, compliance, pension and ethics committees, and he advises the audit committee. He is also secretary of Zekelman Industries and its subsidiaries.

RANDY BOSWELL

EXECUTIVE VICE PRESIDENT AND CHIEF COMMERCIAL OFFICER OF ATLAS TUBE

Randy Boswell is responsible for all commercial activities for Atlas Tube, North America. Beginning in 1993, he directed Atlas Tube's sales growth for more than two decades, a period of exponential growth for the company. Starting in 2011, Boswell assumed leadership positions with each of Wheatland Tube's businesses. Most recently, he has been managing Wheatland Tube's energy tubulars business and has led Zekelman Industries' focus to provide industry-leading e-commerce solutions to customers.

Zekelman Industries

TOM MUTH

EXECUTIVE VICE PRESIDENT AND CHIEF OPERATING OFFICER – TUBULAR PRODUCTS DIVISION

Tom Muth oversees the newly created tubular products division of Zekelman Industries, which includes the businesses of Wheatland Tube, Western Tube, Atlas Tube, Picoma and Sharon Tube. Together these business units produce more than 2.2 million tons of tubular products annually, including HSS, conduit, electrical fittings, fence framework, pipe, sprinkler pipe, welded mechanical tubing, DOM tubing, couplings, OCTG, API line pipe and pipe piles.

JEFF COLE

PRESIDENT OF HSS AND PILING

Jeff Cole has spent his entire career with Atlas Tube, joining immediately after college in 1993. Most recently, Cole served as the vice president of operations, overseeing all of the company’s HSS plants across North America. Cole began his career on the shop floor, operating all aspects of tube production, and he has since led Atlas operations through many expansions and shop floor technology initiatives, driving achievement of industry-leading key production metrics.
